### Phidian Art Club.

The Phidian Art club held an exceptionally interesting meeting with Mrs. Morrison H. Vall Tuesday afternoon. Mrs. Moss spoke briefly on the enthusiasm and pleasure derived from the federation meeting at Aurora. Miss Jean Hitchcock favored the club with two musical numbers, which were much enjoyed: "Hark, Hark, the Lark," by Schubert, and Tennyson's "The Brook."

The paper for the day was given by Mrs. Wingert and showed very careful preparation. The subject was "Wordsworth in the Lake District."

The well drawn chart of the lakes, 16 in number, and the mountains of this northern part of England added much in helping to understand the inspiration which caused Wordsworth poetry to become famous.

The region abounds in myths and love of the old Saxon times.

The poet was born in Cockermouth in 1778. The house is still shown in which he lived with his sister Dorothy, to whose influence he attributed much of his success. They entertained and counted as their intimate friends such men as Coleridge, DeQuincy and North.

Wordsworth wrote just after Byron and shortly before Tennyson came to the front, but he has proven to rank among the highest of English poets.

Mr. Vall showed many views of this beautiful region on a screen, which were all explained, among them being the pretty vine covered home of Wordsworth and the modest graves in the village and church yard of the entire family.

### Try This Home-Made Cough Remedy

Costs Little, But Does the Work Quickly, or Money Refunded.

Mix one pint of granulated sugar with 1/2 pint of warm water, and stir for 2 minutes. Put 2 1/2 ounces of Pinex (fifty cents' worth) in a pint bottle; then add the Sugar Syrup. Take a teaspoonful every one, two or three hours.

You will find that this simple remedy takes hold of a cough more quickly than anything else you ever used. Usually ends a deep-seated cough inside of 24 hours. Splendid, too, for whooping cough, croup, chest pains, bronchitis, and other throat troubles. It stimulates the appetite and is slightly laxative, which helps and a cough.

This recipe makes more and better cough syrup than you could buy ready made for \$2.50. It keeps perfectly and tastes pleasantly.

Pinex is the most valuable concentrated compound of Norway white pine extract, and is rich in quaiacol and all the natural pine elements which are so healing to the membranes. Other preparations will not work in this formula.

This plan of making cough syrup with Pinex and sugar syrup (or strained honey) has proven so popular throughout the United States and Canada that it is often imitated. But the old, successful formula has never been equalled.

A guaranty of absolute satisfaction, or money promptly refunded, goes with this recipe. Your druggist has Pinex or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

### Engagement Announced

Dr. and Mrs. Frank DeGraff Altman, announce the engagement of their daughter, Olive, to Homer Paul Shepherd of Atchison, Kas. The wedding will take place on New Year's day in St. Paul's Lutheran church, the father of the bride officiating.

The announcement of Miss Altman's approaching marriage was made to the invincible club Wednesday afternoon, when under the pretense of bringing an important business proposition before the club, Miss Luella Crissman read a telegram which contained the secret. The new broke up the business session and the rest of the afternoon was spent in the most hilarious fun, in the dining room, where a delicious luncheon was served.

The table was decorated with pink roses and smilax and placed before the bride elect was a large white wedding cake, surrounded by smilax, containing a thimble, ten pieces of money and two rings.

The finding of their fates in the cake was a most surprising and enjoyable revelation and added much to the pleasure of the afternoon. After singing several bridal songs, the girls departed with much demonstration over the fact that one of their club members was going to be married and that they were to sing at the wedding.

In the evening Miss Altman entertained the young ladies of the church, and to them announced the news of her wedding.

The evening was spent in playing old fashioned games and in tacking a comforter for the bride to be.

The most amusing game of the evening was the old time "cross questions and answers," and after the majority of those participating had forfeited their jewelry Dr. Altman gave them a chance to redeem their valuables by performing "stunts" imposed by several of the clever young ladies.

When it was time to adjourn to the dining room the girls started a march which developed into a large letter "S" the initial of the bridegroom.

Refreshments were served in the dining room and another cake full of fate was eaten. Afterwards the young ladies sang till the parting hour at mid night.

Prindaville, performed the ceremony which made them husband and wife. They were attended by Mr. Lauer of St. Martin's Academy, brother of the bride, and Mrs. Julia Gotheadso, a relative of the bride. But really, taking everything into consideration, it is not strange that nearly everybody's breath was "fowl" Thursday evening.

### Goose Hollow Letter

Old Hank Tums says nobody can call Mrs. Purdy selfish. She is willing to let her neighbors enjoy and repeat everything she finds out.

A new scandal has broke out in this burg according to our representative at the last session of the Ladies Aid. A drummer was in town recently and caught such a bad cold he could only whisper. He called at a prominent lady's home and stepping up to the kitchen door, asked if the gentleman of the house was at home. "No," whispered the lady, "Come right in."

Josh Pixie sold a package of hooks and eyes recently. Must be somebody is having a new dress made at this writing.

Eph Bibbins came down town Tuesday with his shoulder all covered with powder; said he had just carried a sack of flour home. Tell that to Al Robbins, Eph. A feller don't go to a milliner store to buy flour.

Owing to the recent accident to the bellows of the church organ, the instrument was abandoned on account of lack of wind. Rev. Fisk-boner made up the deficit by preaching an hour longer than usual.

## I Cure To Stay Cured

Varicocele, Stricture, Contagious Blood Poison, Vervo-Sexual Debility and all Reflex Complications and Associate Diseases

DR. GUTHRIE.

The Successful Specialist, who has cured so many in Illinois, will be in Dixon, at the Nachusa House, on Saturday, Dec. 7th, from 10 a. m. to 8 p. m.

**VARICOCELE** Whatever may be the cause of Varicocele, its injurious effects are well known. It develops and specifications of mind, weakens the body, racks the nervous system, and ultimately leads to complete loss of sexual power. If you are a victim of varicocele come to my office and let me explain to you my process of treating it. You will then wonder why I have positively cured more than 12,000 cases of this dire disease during the past twenty years. Under my treatment the patient improves from the very beginning. All pain instantly ceases. Spermatozoa and swelling quickly subside. The pools of stagnant blood are forced from the dilated veins, which rapidly assume their normal size, strength and soundness. All indications of disease and weakness vanish completely, and in their stead come the pride, the power and the pleasures of perfect health and restored manhood.

**STRICTURE** Have disappointment long you have suffered from Stricture, or how many different doctors it matters not had you, I will cure you just as certainly as you come to me for treatment. I will not do it by cutting or dilating. My treatment is new, entirely original with me, and perfectly painless. It stops every unnatural discharge, allays all inflammation, reduces the prostate gland when enlarged, cures and heals the bladder and kidneys when irritated or congested, invigorates the sexual organs and restores health and soundness to every part of the body affected by the disease.

**NERVOUS-SEXUAL DEBILITY** Men, many of you are now reaping the result of your former folly. Your manhood is failing and will soon be lost unless you do something for yourself. There is no time to lose. Impotency, like all sexual diseases, is never on the standstill. With it you can make no compromise. Either you must master it or it will master you and fill your whole future with a very and indescribable woe. I have treated so many cases of this kind that I am as familiar with them as you are with the very daylight. Once cured by me, you will never again be bothered with emissions, drains, prematureness, small or weak organs, nervousness, failing memory, loss of ambition or similar symptoms which rob you of your manhood and absolutely unfit you for study, business, pleasure or marriage. My treatment for men will correct all these evils and restore you to what nature intended—a hale, healthy, happy man, with physical, mental and sexual powers complete.

**ASSOCIATE DISEASES** If curing a disease of any kind I never fail to remove reflex complication. If the case is Varicocele, the weakness caused by it disappears. If it is Stricture, and has developed into Prostatic, Bladder or Kidney affection, the injured organs are all restored to a perfectly healthful condition. If it is Contagious Blood Poison, any and all Skin, Blood and Bone diseases arising from the taint are entirely and permanently eliminated from the system. If it is Impotency, the many distressing symptoms following in its train and indicating a premature decline of physical, mental and sexual powers are totally removed and rapidly replaced by the youthful energy of robust manhood. Hence all resulting ill and reflex complications which may be properly termed associate diseases, and which in fact are often more serious than the original ailment that gives rise to them—all, I say, disappear completely and forever with the cure of the main malady.

Dr. Guthrie will be at the Nachusa House Dixon, on Friday Dec. 6th from 1:30 a. m. to 8 p. m. and return every 4 week

Christmas But 25 Days Away—Your  
 Immediate Response Needed — A  
 Good Investment.

The announcement that a Good-  
 fellow club has been founded in Dix-  
 on has met with general favor and  
 it is very evident that the organi-  
 zation is going to have hearty sup-  
 port. This alone insures its success,  
 for without the support of the entire  
 community little could be accom-  
 plished. It is true that Dixon is par-  
 ticularly blessed by having few real-  
 ly poor or destitute families and this  
 fact makes it all the more possible  
 for the Goodfellows to provide well  
 for those who do need help badly.

Do not let yourself believe there is  
 no one in Dixon lacking the neces-  
 sities of life. Right now there are  
 many families without sufficient  
 food, clothing and fuel. Many little  
 kiddies who get out of a bed with  
 insufficient bedding to keep them  
 warm and sit down to a breakfast  
 so scant that it is not half ample to  
 feed the little furnace inside and to  
 generate the warmth and provide the  
 red blood that is so necessary for  
 health and comfort during winter  
 days. Many lack underclothing of  
 the proper weight. Shoes cost money  
 and when snow comes there will be  
 little fellows and little girls suffer-  
 ing from being improperly shod. You  
 would not want to see your little boy  
 or girl trudging through the snow  
 with no protection from the freezing  
 winds but worn shoes and ragged  
 stockings and underclothing, if any  
 of them at all; thin, inadequate out-  
 er garments and no mittens to warm  
 their little fists. Think what you can  
 do with even the clothing that your  
 child has outgrown. Heavy shoes,  
 rubbers, leggings, sweaters, mittens,  
 stocking caps. You have them packed  
 away in the attic, the cellar or the  
 barn. Dig them out and put them to  
 work. They will pay you big divi-  
 dends, Goodfellows. If you have no  
 clothing to give, buy some. A dollar  
 or two judiciously expended will do  
 wonders. A pair of mittens, a stock-  
 ing cap and a little sweater jacket  
 will warm a little body and gladden  
 a little heart.

Many older persons are also in  
 want. By Christmas time there will  
 be households where a half or quar-  
 ter ton of coal will be mighty wel-  
 come, where bedding will be a god-  
 send and where a Goodfellow with  
 his basket containing Christmas din-  
 ner will be very welcome, as an  
 angel from heaven. And the Goodfel-  
 low will have as much pleasure out  
 of it as the one who gets it.

Write to the Goodfellow club, care  
 of the Telegraph, Dixon, and tell us  
 how many little children you will be  
 Santa Claus to, and what ages you  
 prefer, and sex, if you have a choice;  
 for you may have clothing that will  
 fit a certain aged child. If you have  
 no choice state the number of chil-  
 dren you will provide for, and we will  
 select them for you. In any event we  
 will send you the names of the  
 children, together with their ad-  
 dresses, and a list of things they need.  
 Your name will not be divulged nor  
 the names of those you help.

**Cash Donations.**  
 Cash donations will also be very  
 acceptable, and the Goodfellow club  
 will use the money turned in to buy  
 dinners and fuel and other things  
 not provided in other ways. No one  
 will receive gifts whose conditions  
 have not been investigated by the  
 Goodfellows investigating committee.  
 Canned fruit, poultry and in fact  
 all eatables will also be welcomed.  
 What the organization needs is the  
 names of needy persons and things  
 to give them. Most of you can help  
 us along both lines of this work. Tel-  
 ephone, write or call at the Tele-  
 graph office, which is the head-  
 quarters for the Goodfellows club. The  
 time is short, 25 days. Write imme-  
 diately and give all information you  
 can, telling what we can expect from  
 you; anything, no matter how little,  
 will be welcome.

I wish to get an older lady to  
 stay with an old lady; free rent for  
 small family. Call 1324 W. 1st St. G.

### **FOUR AMERICANS WERE KILLED**

**Destitution Reigns Supreme in Devas-**  
**tated Districts—Cities of Tacloban**  
**and Capiz Are Completely**  
**Wiped Out.**

Washington, Nov. 30.—Government  
 officials here are eagerly awaiting fur-  
 ther details of the great typhoon  
 which, in sweeping over the southern  
 islands of the Philippine group, is re-  
 ported to have caused the death of  
 many thousands of natives.

**17,000 People Are Killed.**

Acting Governor General Gilbert  
 cabled to the insular bureau of the  
 war department the meager details  
 he had received from the devastated is-  
 lands saying it was reported in Ma-  
 nilla that from 15,000 to 17,000 persons  
 had been killed by the storm which  
 swept from the eastward across the  
 island of Leyte to that of Panay, com-  
 pletely devastating the cities of  
 Tacloban and Capiz.

**Fear Americans Were Killed.**

It is feared that a number of Amer-  
 icans and other foreigners who either  
 are employed in or have homes near  
 these places have met their death, and  
 it is known that the destitution on  
 both islands and on the western coast  
 of Mindanao is tremendous. The ty-  
 phoon is considered the worst which  
 has visited the Philippines since the  
 American occupation of the islands.  
 Acting Governor General Gilbert  
 at once dispatched a shipload of food  
 and materials of repair to Tacloban,  
 holding several transports ready for  
 movement if needed in this section.

**Tacloban's Population 14,000.**

Tacloban, the capital of Leyte, is  
 on the northeast coast of that island  
 and has a population of about 14,000.  
 It is the center of a considerable hemp  
 district. Capiz, the capital of the  
 province of that name in the island of  
 Panay, is the terminal of the railroad  
 crossing of the island from Iloilo and  
 is an important seaport. It has a  
 population of about 20,000.

**Shocks Continue in Acambay**  
**District in Mexican State.**

**Town Still the Prey of Bandits and**  
**Ghouls—Injured Receiving No**  
**Medical Attention.**

Mexico City, Nov. 30.—Earthquake  
 shocks continue at Acambay district  
 of the state of Mexico. The quakes  
 were accompanied by a severe hurri-  
 cane, which spread further destruc-  
 tion in several towns and villages.  
 The epicentrum is situated a little to  
 the north of Acambay and the destruc-  
 tion seems to radiate in diminishing  
 violence from that point. The shocks  
 have been felt only slightly at El Oro  
 and not at all in this city.

Acambay is still the prey of ban-  
 dits and ghouls. The injured are not  
 receiving any medical attention and  
 the dead are still unburied.

From Tampico comes a story of mil-  
 lions of dead fish thrown up by the  
 sea along the line of the breakwater,  
 two miles long, and causing such a  
 terrible stench that an epidemic is  
 threatened. Several human bodies are  
 also said to have been found among  
 the dead fish. The upheaval is be-  
 lieved by scientists to be the result of  
 the eruption of a submarine volcano  
 or a huge submarine petroleum gush-  
 er like that of Dos Bocas.

Seoul, Korea, Nov. 30.—Examina-  
 tion of the 106 Koreans, charged with  
 conspiring against Count Terauchi,  
 Japanese governor general of Korea,  
 was continued here when six of the  
 accused men were called to the stand.  
 All of them flatly denied complicity  
 in the conspiracy and told stories sim-  
 ilar to those of the other accused men  
 who had been interrogated as to tort-  
 ure by the police and as to threats  
 of assault made to them by the pro-  
 curer.

 on the passenger list under the name  
 of Pulintero and was unaccompanied.  
 He took precautions to avoid being  
 recognized while embarking.

**Nine New N. Y. Unions Formed.**

New York, Nov. 30.—Announcement  
 was made here of the formation of  
 unions in nine trades which have heret-

 new unions include the shoe re-  
 pairs, the clip sorters and rag  
 pickers, the hat band makers and the  
 sailors' washable suitmakers.

Freed operated a Furniture club,  
 members paying from 25 cents to \$1  
 a week. Its 2500 members had paid  
 in more than \$40,000 when the crash  
 came.

The furniture wizard said he be-  
 gan business about two years ago,  
 with a capital of less than \$1000.  
 He voted himself an annual salary  
 of \$10,000, the money being taken  
 from the accumulated payments of  
 club members. Attorney White found  
 that the Freed residence at 4924  
 Drexel boulevard was purchased and  
 has been furnished without regard  
 to expense. This property is in Mrs.  
 Freed's name. It was admitted this  
 luxury was paid for by the poor who  
 can afford to buy furniture only by  
 a small payment each week.

**Lawyer Tells of Scheme.**

Further workings of the furniture  
 clubs was revealed by Attorney H. S.  
 Blum, who has done legal work for  
 Freed and others interested in this  
 business. He represents the owners  
 of the Manufacturers' Publishing &  
 Distributing company which purchas-  
 ed the business formerly owned by  
 Freed.

Mr. Blum said: "I first met Freed  
 when he came to our office to borrow  
 money. He was brought here by a re-  
 lative. He was insolvent at the time  
 and wanted to get a loan to allow  
 him to settle with his creditors at 50  
 cents on the dollar.

My client agreed to loan him \$10-  
 000 on condition that Mrs. Freed  
 went security on the note. At the  
 last moment Freed backed out. Then  
 Eastman & White, acting for cred-  
 itors, filed a bankruptcy petition.  
 We were willing to let Freed have  
 the money because he has \$10,000  
 worth of furnishings in their swell  
 home. It is excellent security.

**Business Sold for \$5500.**

When the receiver advertised the  
 business for sale Hiram Grossman of  
 this office bought it for \$5500. The  
 assets then amounted to a furniture  
 stock which later was sold for \$3300  
 with \$1800 in payments which the  
 receiver had collected, and mortga-  
 ges due the company to the amount  
 of \$8000.

Freed had collected more than  
 \$25,000 on contracts with the club  
 members. We put up a \$5000 bond  
 and obligated ourselves to pay that  
 much on these contracts. It was all  
 explained to Judge Landis at that  
 time.

Mr. Grossman had to go to Dallas,  
 Tex., and turned over the business  
 to the Manufacturers' Publishing  
 and Distributing company, which  
 has been operating legitimately. The  
 criticism of the company has come  
 from holders of contracts who un-  
 justly believed it is fraudulent. If  
 any agent of the company has had a  
 verbal understanding with the club  
 members we cannot be held respon-  
 sible for it.

**As to "Responsible Parties."**

In the contracts there is a provi-  
 sion that responsible holders will be  
 given a piece of furniture valued at  
 \$17.50 when they have paid in that  
 sum. Club members have complained  
 that the agreement has not been  
 kept.

"None of the holders of any con-  
 tracts has any responsibility," said  
 Blum.

"Then this provision is a sort of  
 a joker?" he was asked.

He replied: "It might be looked  
 upon as such. We didn't draw up the  
 contract. It was written by the Stan-  
 dard Furniture Distributing com-  
 pany and we merely took over their  
 business. We did not put the joker  
 there."

Blum would not state who are the  
 owners of the company. Charles  
 Himelstein, 1338 South Troy street,  
 is manager. He is not supposed to  
 have a cent invested.

**WILL MAKE MONEY.**

### **CENTRAL POWER PLANTS**

**Smaller Towns Will Be Served With**

**Money in Maintenance and Num-**  
**ber of Employees.**

Through merging public utility  
 companies Samuel Insull expects to  
 make \$1.75 of net profits grow where  
 but \$1 grew before.

That the Insull syndicate is count-  
 ing on an increase of not less than  
 75 per cent in net operating through  
 bringing numerous gas, electric rail-  
 way, water and ice companies under  
 unified control was indicated by fig-  
 ures given in a circular issued yes-  
 terday by Russell, Brewster & Co.,  
 bankers for the syndicate.

**Rich Rewards.**

Such rich rewards to the syndicate  
 are expected to result in the opera-  
 tion of the Middle West Utilities Co.,  
 which has bought properties in 140  
 towns in central and southern Illi-  
 nois, Kentucky, Indiana, Oklahoma,  
 Missouri and New England. This is  
 one of several big holding companies  
 Mr. Insull has organized.

**Heavy Earnings.**

In the year preceding an audit  
 made for the syndicate the gross  
 earnings of the subsidiaries of the  
 Middle West Utilities company were  
 \$3,894,812, and the surplus avail-  
 able was \$479,976. Now that the mer-  
 ger has been effected, the gross is  
 expected to be \$1,501,735, and the  
 surplus to amount to \$818,468.

According to the circular the Mid-  
 dle West company is planning to buy  
 up additional properties in a number  
 of western states, and has already  
 invaded New England. It says:

"Hitherto the advantage of acquir-  
 ing utilities of a large number of  
 small communities in more or less  
 close proximity, both as to low origi-  
 nal cost and as to the subsequent  
 economy of operation, have seem-  
 ingly been overlooked by holding com-  
 panies in favor of utilities of larger  
 cities that are considerable distances  
 apart. While the business to be se-  
 cured for the utilities of a particu-  
 lar group of small or medium sized  
 communities would be greater than  
 that obtained from several independ-  
 ent and widely separated cities the  
 central operation would be consider-  
 ably less. One well organized execu-  
 tive force can handle a large, com-  
 pact business which, if widely scat-  
 tered, would require several such or-  
 ganizations. One central generating  
 station of large enough capacity and  
 so located as to assure economical  
 production can, through a well de-  
 signed and constructed system of  
 transmission lines, serve a number  
 of communities covering a large ex-  
 tent of territory which otherwise  
 could only be served by several inde-  
 pendent generating stations at a con-  
 siderably increased aggregate cost.

In view of these conditions the Mid-  
 dle West Utilities company has pur-  
 chased, and as favorable opportuni-  
 ties present themselves will pur-  
 chase, the public utilities of a large  
 number of communities in several  
 states. At present the plan of opera-  
 tion has been particularly developed  
 in the state of Illinois, and more or  
 less developed in Indiana, Kentucky,  
 Oklahoma, Missouri and some of the  
 New England states."

The Central Illinois Public Service  
 company, a subsidiary of the Middle  
 West company, is buying a big power  
 plant at Kincaid, Ill., at the mouth  
 of one of the largest coal mines in  
 the state. This company had former-  
 ly 49 separate generating plants,  
 which are, one by one, to be closed.  
 The Middle West company has re-  
 cently organized the Kentucky Utili-  
 ties company, and is about to or-  
 ganize an Indiana company to oper-  
 ate its properties in that state. In-  
 terurban lines are being bought up  
 on an extensive scale by the Middle  
 West company.

The fact was not generally known  
 that the Insull syndicate had extend-  
 ed its operations to the New England  
 states and now has a New England  
 company operating in New York,  
 Vermont, New Hampshire and in  
 Maine.

## Dramatic Notes

### OLYMPIC—CHICAGO.

The third crowded week of the joy reign of Henry W. Savage's laughing success, The Million, at the Olympic theatre, Chicago, began Sunday evening. On that night the cast was enhanced by the first Chicago appearance of Harry Davenport, the famous comedian and brother of Fanny Davenport, in the part of Lochner Walsh, the eccentric medical student. Until Mr. Davenport assumed this role it had seemed that the audience were being urged to laughter at the point of their visible endurance. But Mr. Davenport promptly set a pace for the swift moving comedy and by his well known individual methods added new gales of mirth to the hilarious evening. The public's patronage of The Million is the talk of the theatrical world and the seat sale, for our weeks in advance, shows no decline but, on the other hand, is growing heavier as the worth of this world famous farce is endorsed far and wide by the thousands who have seen it.

### PRINCESS THEATRE.

Monday night the Princess theatre will offer a wonderful story of the Civil War entitled "Our Secret Service," in two reels, with many amazing battle scenes. It also shows the ride for life by Anna Little, a southern girl who saves her brother and sacrifices the life of her lover, a northern spy. It is one of the most sensational and true to life war dramas ever shown.

## PAPE'S DIAPEPSIN ENDS INDIGESTION

TIME IT! NO SICK SOUR GASSY STOMACH, HEARTBURN, OR DYSPESIA, IN FIVE MINUTES

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomachs. It's millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them, if what they eat lays like lead, ferments and sours and forms gas, causes headache, dizziness and nausea; eruptions of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. It's promptness, certainty, and ease in overcoming the worst stomach disorder is a revelation to those who try it.

Bread made with Royal Cream of Tartar Powder:

99 Per Cent. Digested

Bread made with phosphate powder:

67½ Per Cent. Digested

Oates, without money or influential friends, obtained six new trials and his case was responsible for two changes in Texas statutes. Each of the seven trial juries found him guilty of murder. ## Housework Drudgery

Housework is drudgery for the weak woman. She brushes, dusts and scrubs, or is on her feet all day attending to the many details of the household, her back aching, her temples throbbing, nerves quivering under the stress of pain, possibly dizzy feelings. Sometimes rest in bed is not refreshing, because the poor tired nerves do not permit of refreshing sleep. The real need of weak, nervous women is satisfied by Dr. Pierce's Favorite Prescription.

### It Makes Weak Women Strong and Sick Women Well.

This "Prescription" removes the cause of women's weaknesses, heals inflammation and ulceration, and cures those weaknesses so peculiar to women. It tranquilizes the nerves, encourages the appetite and induces restful sleep.

Dr. Pierce is perfectly willing to let every one know what his "Favorite Prescription" contains, a complete list of ingredients on the bottle-wrapper. Do not let any unscrupulous druggist persuade you that his substitute of unknown composition is "just as good" in order that he may make a bigger profit. Just smile and shake your head! Dr. Pierce's Pleasant Pellets cures liver ills.

## HICKEY ADMITS MURDER OF BOYS

Slayer Tells Police He Killed Joseph Josephs, Who Disappeared Nov. 16.

## HAD A MANIA FOR SLAUGHTER

Prisoner Also Admits That He Was Responsible for Death of Michael Kruck, a Newsboy—Lays Crimes to Use of Liquor.

Buffalo, N. Y., Nov. 30.—J. Frank Hickey made a complete confession here of the murder of Joseph Josephs, the seven-year-old Lackawanna boy whose dismembered body was found in a cesspool back of a saloon in Lackawanna November 16, and also admitted that he killed Michael Kruck, a New York newsboy, twelve years old, ten years ago. Death in both instances was caused by strangulation.

Hickey attributed his crimes to the excessive use of liquor. When drunk, he said, he was possessed of an irresistible mania for killing boys. He denied that he had committed several other crimes and said he was repentant for his deeds and expected to pay the penalty.

Young Josephs disappeared at the afternoon of October 12, 1911. His father, George Josephs, a prominent merchant of Lackawanna, insisted from the start that the boy had been kidnapped, and a countrywide search was instituted.

Confessions on Train. The confession was made to District Attorney Wesley C. Dudley and Chief of Police Gilson of Lackawanna. It was begun on the train that brought Hickey from New York to Buffalo Wednesday and was completed here.

Hickey was arrested at a colony for inebriates at Whiting, N. J., November 19.

When arrested he denied all knowledge of the crime. Extradition papers were prepared, and when the hearing was about to be held before the New Jersey authorities Hickey decided to go to Buffalo without making a contest. He was taken to New York, where he was questioned by Inspector Faurot relative to the Kruck murder, and it is said made at that time many damaging admissions.

Hickey's fondness for writing postal cards to the police proved his undoing. He mailed cards from Boston and New York, and their reproduction in a newspaper led a friend of Hickey's to inform the police of his suspicions. The order for arrest followed.

## CHARLES H. HYDE GUILTY

Former City Chamberlain Convicted by Jury on Bribery Charge.

New York, Nov. 30.—Charles H. Hyde, former city chamberlain, was convicted of bribery, the punishment for which is ten years' imprisonment or \$10,000 fine, or both, at the discretion of the court.

Hyde received the verdict of the jury sitting, the usual rule of forcing the defendant and jurors to stand having been ignored in his case.

He turned deathly pale, but evidenced no other sign of emotion. The crime for which Hyde was convicted consisted of forcing President Robin of the defunct Northern bank to make a large loan to the tottering Carnegie Trust company, on a threat that if the loan was not forthcoming the city deposits in the Northern bank, over which deposits Hyde had control, would be withdrawn.

Exposure of the crime came a little less than two years ago, when, with the failure of the Carnegie Trust company, a number of smaller institutions, including the Robin bank, went to the wall.

Immediately after the verdict had been recorded and the formal motions for setting aside the verdict and granting a new trial had been made, Hyde was hurried across the bridge of sighs to the Tombs.
